CALIFORNIA LEGISLATURE—2007–08 REGULAR SESSION

ASSEMBLY BILL

No. 591

Introduced by Assembly Member Dymally

February 21, 2007

An act to amend Section 87482.5 of the Education Code, relating to community colleges.

LEGISLATIVE COUNSEL'S DIGEST

AB 591, as amended, Dymally. Community colleges: non-tenure track temporary faculty employees.

(1) Existing law establishes the California Community Colleges under the administration of the Board of Governors of the California Community Colleges. Existing law requires that a person employed to teach adult or community college classes for not more than 60% of the hours per week of a full-time employee having comparable duties, excluding substitute service, be classified as a temporary employee and not become a contract employee. Existing law provides that service in professional ancillary services, including, but not necessarily limited to, governance, staff development, grant writing, and advising student organizations, by persons employed under these provisions shall not be used for purposes of calculating eligibility for contract or regular status unless otherwise provided for in a collective bargaining agreement applicable to a person employed under this provision.

This bill would instead provide that any person who is employed to teach adult or community college classes for up to 100% of the hours per week considered a full-time assignment for regular employees having comparable duties would be classified as a non-tenure track temporary faculty employee. ~~The bill would require that a non-tenure track temporary faculty employee receive pay and benefits that are equal to those of tenured and tenure-track faculty of comparable qualifications doing comparable work, as determined on a parity basis, as defined.~~

~~The bill would require that, if a non-tenure track temporary faculty member teaches at least 40% of a full load, that faculty member be eligible for the same health care benefits that are received by tenured and tenure-track faculty in that district. The bill would require a district to hire at least 50% of its full-time tenure-track faculty from the pool of its qualified non-tenure track temporary faculty employees.~~

To the extent that the bill would impose additional duties on community college districts with respect to the classification and compensation of academic employees, it would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
